## DIARY

Special Asst. (Admin.) to DD/I

Monday, 9 March 1953

1. Held a meeting to discuss space planning with the key representatives of the intelligence offices. The offices were briefed on a sensitive basis on the possibilities for additional space in the near future. It was agreed that the representatives would review their space requirements in an effort to determine those functions which might be located outside of M and Q. Another meeting will be held Thursday, March 12.

2. Consulted with representatives of O/SI on the appropriate financing of the pending project to be conducted by O/CD involving the maintenance of scientific data by author and institution. It was agreed that there were not adequate funds remaining in the O/SI allotment for external research and therefore additional funds would have to be requested of the Comptroller in the PRC action.
